BEST FOOT FORWARD Discount Card

“Taking one step forward and two steps back”

We have heard this saying and most may have had a similar experience.

With all the cut backs by major companies and government, we are receiving more and more pleas for help from organizations trying to help those in need.

Our thought is to try and help our customers save on their footwear needs and also help out others in need.

By purchasing this discount card for **\$25**, you will get the benefit of saving **15% off** any regular priced item in our store any day of any week of any month for an entire year.

If you have interest in this program we would be glad to answer any questions and sign you up.
